CORPORATE

About Us

Dörtel Catering who provides food and service to various organizations and establishments since its establishment in 2003 continues to be the pioneer in the industry. Our company always considers the customer satisfaction at first and works without compromising from its discipline.

Our Vision

In the catering sector; In line with the goal of reaching the best, to be an indispensable solution partner by keeping customer satisfaction at the highest level with its quality and innovative service approach.

Our Mission

To create lasting value in the lives of our employees, customers and all our business partners.

www.dortelyemek.com

Our Responsibilities

We prefer recognized brands for the production, and we act with the awareness of the individual health is the most important asset. The foods are prepared in hygienic kitchens and all our employees are controlled for their health regularly. The application of healthy and right cooking methods is also one of our responsibilities. We promise not only the pleasure in our foods but also the sufficient and balanced nutrition criteria to be met.

We consider our employees to work in a peaceful and secure environment as part of our business. We care the full coordination of our team either inside or outside of our company and we provide an environment where they can work efficiently.

We are aware that the efficient working is able to provide the service which meets the expectations of our customers at the highest level.

**We apply the
right cooking
methods.**

Quality

While Dörtel Catering is making production and service along with the desires and demands of its customers, social responsibility and environmental sensitiveness are our basic principles. We take the sustainability principle at first in our all services and we try for permanent customer satisfaction and quality.

The quality assurance is provided with HACCP standards and ISO 22000. Our company regularly trains the personnel for the quality and the quality standards are followed from production to the service.

Our Social Responsibility

The establishment objective of Dörtel Catering is to contribute financially and adoptively to Turkey in the long term. Therefore, we can say that it had an important social responsibility project in the phase of establishment.

We determine our social responsibility sense and priorities by considering the best for the society and the environment. We make an effort to take a part in the activities to protect democracy, human rights and the environment.
